

Note-taking made easy.

STREAMLINE YOUR NOTE-TAKING PROCESS

2/3 of our short term memory is lost *one hour* after our meetings.

90% of our client meeting information is lost after 24 hours.

Advisors Assistant has partnered with Mobile Assistant to provide an efficient, easy way for you to enter client notes directly into Advisors Assistant CRM.

HOW DOES MOBILE DICTATION WORK?

After a client meeting call **Mobile Assistant** from your cell phone; state the client name and phone number, then speak your notes, impressions and next steps. A professional transcriptionist will type your message, email it back to you, and automatically post the report to the specified client in Advisors Assistant CRM.
